

March 1st, 2020

Dear hiring manager,

I am excited to be applying for “RAMS ENGINEERING– Reliability Performance” Internship position. I am an engineering student at Concordia University. My degree emphasis is in Industrial Engineering and I have completed 95% of my major’s requirements, including a Safety & Reliability class. I am extremely interested in Process Engineering.

I have a strong academic background in Statistics, Quality Improvement techniques, FMEA and I have outstanding problem solving skills to find solutions for problems.

I demonstrate strong skills in computer software and programming languages such as VBA, C++, and I am very flexible with the ability to adapt to a project without difficulty.

I hope to meet with you soon to discuss this internship in more details.

Please call (514)5737094 for an interview.

Respectfully,

Kamy-Joe Khoury
